SPECIFICATIONS AND PACKING DATA

Product measurements and packing quantities are reproduced from the original product catalogue.

Heat-sealable paperboard food trays for prepared meals and modified atmosphere packaging.

FORMATS & DIMENSIONS

FORMAT	DIMENSIONS	PACKING
OneMAP tray / 35 mm	187 × 137 × 35 mm	8 / 50
OneMAP tray / 45 mm	187 × 137 × 45 mm	8 / 50

HEAT SEALING

FREEZING

Two heights are available in the same 187 × 137 mm footprint.

APPLICATIONS

A compact tray format for prepared food, chilled displays and meal delivery. Select the 35 mm or 45 mm depth according to portion size.

AVAILABLE FORMATS

187 × 137 × 35 mm / 187 × 137 × 45 mm

OVEN-READY PRESENTATION

OneMAP

Heat-sealable food packaging

OneMAP

Heat-resistant paperboard trays engineered for heat sealing and Modified Atmosphere Packaging (MAP). One format supports preparation, storage, transport and serving.

■ HERMETIC SEALING & MAP

Designed for reliable heat sealing and modified-atmosphere packing to help preserve freshness and product quality.

■ WIDE TEMPERATURE RANGE

Suitable from -40 °C to +300 °C for freezing, baking, reheating and hot holding, subject to preliminary product testing.

■ ONE CONTAINER, FEWER STEPS

The same tray can be used for sealing, freezing, storage, transportation, baking, reheating and serving.

■ OPERATIONAL EFFICIENCY

A single packaging format can replace several containers and simplify kitchen and production workflows.

■ PAPERBOARD-BASED FORMAT

The paperboard construction reduces plastic use and supports more recyclable packaging choices.

■ SAFE HEATING GUIDANCE

Recommended maximums: 1 hour at 180 °C, 30 minutes at 200 °C, or 3 minutes at 300 °C. Do not heat empty trays.

ECOPRO**PAPERBOARD FOOD PACKAGING**

Prepared meals · takeaway · delivery · display

A family of paperboard trays with click-on lids, offered in multiple capacities and configurations.

FORMAT SELECTION

250–550 ml

Compact portions

700–1000 ml

Main meals

1200–1250 ml

Large & divided trays

Clear PET lids are available in selected flat, 20 mm and 40 mm styles. Matching paper lids are available for selected formats.

SERVING AND DISPLAY

Paperboard trays with matching clear lids.

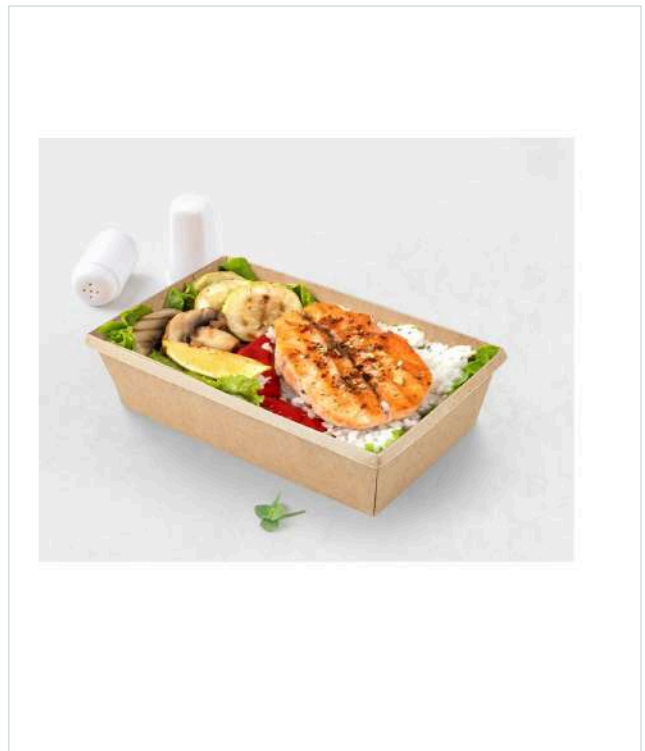

LIDDED FORMATS

ECOPRO

ECO PRO
www.bultrading.com

OneClick

Secure lidding for hot and cold meals

OneClick

Ready-formed paperboard trays with a secure click-on lid for hot and cold prepared meals, display, takeaway and delivery.

■ SECURE CLOSURE

Fixed edges hold the lid firmly in place, helping the tray remain closed when tilted or shaken during transport.

■ NO ASSEMBLY REQUIRED

Fully formed edges allow quick, one-step closure and make the tray ready to use immediately.

■ CLEAN PRESENTATION

Sealed internal corners help protect the outer surface from grease and moisture marks.

■ RIGID CONSTRUCTION

Dense paperboard and a sturdy frame help the tray retain its shape during delivery and shelf display.

■ VERSATILE PRESENTATION

Multiple sizes, compartment options, colours and lid profiles support different dishes and serving styles.

■ LID OPTIONS

Choose recycled PET lids or paper lids with a clear anti-fog viewing window for visible product presentation.

WINDOWED

KRAFT / BLACK

A RANGE OF WINDOWED BOXES

Food boxes with a clear view of the contents.

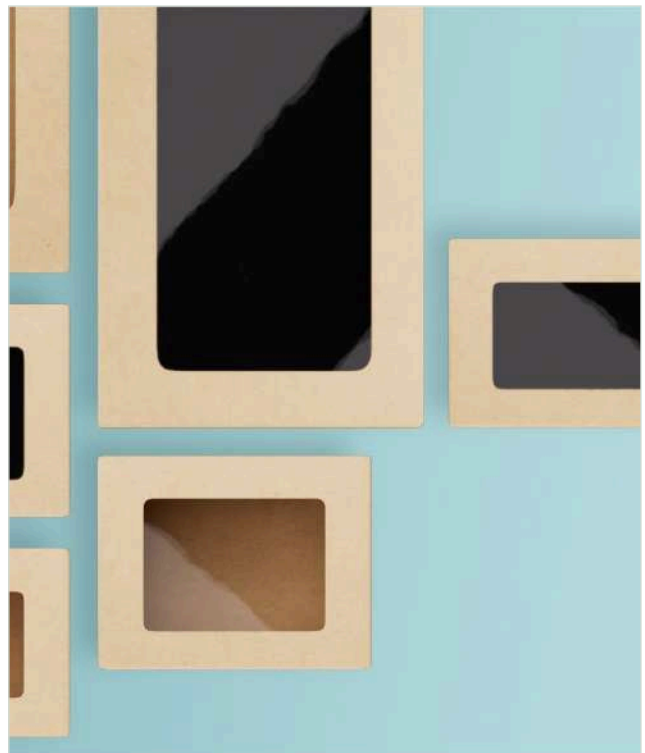

ECOPRO

ECO PRO
www.bultrading.com

OneBox

Practical boxes with a clear product view

OneBox

Durable paperboard food boxes with a clear viewing window, designed for attractive display, takeaway and secure transportation.

■ RELIABLE V-LOCK

The front V-lock holds the side walls upright with one click and helps prevent the box from folding back during delivery.

■ HIGH-DENSITY PAPERBOARD

Increased board thickness improves rigidity, handling strength and the overall appearance of the box.

■ TRANSPORT PROTECTION

The reinforced construction helps the package keep its form and protect food in transit.

■ CLEAR PRODUCT VIEW

An improved window provides a cleaner view with reduced creasing, distortion and condensation.

■ ANTI-FOG WINDOW

The viewing film is designed to remain clearer through temperature changes and with warm food inside.

■ HOT AND COLD USE

Suitable for microwave reheating and freezing, with resistance to grease, cuts and scratches.

ECOPRO**PAPERBOARD FOOD PACKAGING**

Prepared meals · takeaway · delivery · display

LARGER CAPACITIES

FORMAT	DIMENSIONS	PACKING
1450 ml	260 × 150 × 40 mm	25 / 150
1500 ml	200 × 200 × 48 mm	25 / 150
1900 ml	140 × 230 × 60 mm	25 / 150

Kraft and black versions are listed in the packing specifications where available.

Round lidded bowl formats for soups, salads, desserts and prepared dishes.

BOWLS & LIDS

FORMAT	DIMENSIONS	PACKING
380 ml	77 / 102 × 72 mm	25 / 550
450 ml	76 / 102 × 88 mm	25 / 550
520 ml	75 / 102 × 104 mm	25 / 550
760 ml	125 / 145 × 65 mm	25 / 300

The 380–520 ml bowls use a matching PP lid. The 760 ml bowl has PP flat and PET raised lid options.

BOWLS FOR PREPARED MEALS

Bowls for sweet and savoury dishes.

LIDDED SERVINGS

ECOPRO

ECOPRO
www.bultrading.com

OneBowl

Bowls and cups for serving on the go

OneBowl

UltraProof paper bowls with sealed inner seams and precisely fitted lids for soups, salads, desserts and prepared dishes.

■ SEALED INNER SEAM

The inner coating is applied after assembly to seal the seam and protect against leaks, moisture and grease marks.

■ TIGHT-FITTING LID

The accurately shaped PP lid creates a dependable seal and retains its form during heating and freezing.

■ BARRIER PROTECTION

Sealed edges limit contact between food and paperboard, helping reduce moisture absorption and preserve hygiene.

■ DELIVERY CONFIDENCE

The bowl and lid are designed to stay secure during handling, takeaway and transport.

■ ANTI-FOG VISIBILITY

The lid remains clearer during temperature changes, keeping the food presentation visible.

■ PRACTICAL TEMPERATURE USE

Suitable for microwave reheating and freezer storage across a range of prepared-food applications.

ECOPRO**PAPERBOARD FOOD PACKAGING**

Prepared meals · takeaway · delivery · display

Hinged meal boxes for prepared food and takeaway service.

FORMATS & DIMENSIONS

FORMAT	DIMENSIONS	PACKING
OneGo 600 / 600 ml	160 / 110 × 60 mm	20 / 400
OneGo 1000 / 1000 ml	160 / 200 × 60 mm	20 / 280

HINGED FORMAT

KRAFT

Two sizes cover compact and full-portion meals.

TAKEAWAY READY

Hinged boxes for food on the move.

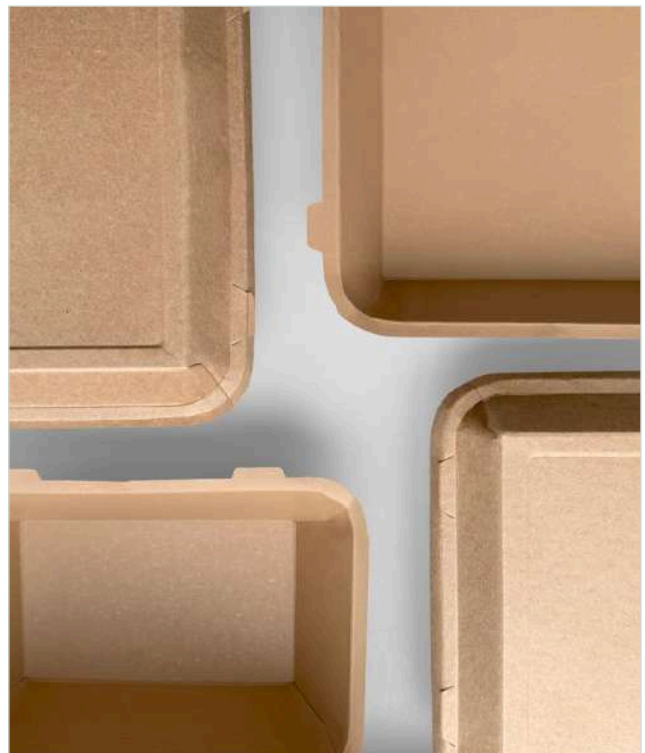

OPEN MEAL FORMATS

ECOPRO

ECOPRO
www.bultrading.com

OneGo

Ready-meal packaging for everyday service

OneGo

Compact hinged meal boxes for everyday takeaway and delivery, combining a rigid paperboard frame with efficient storage.

■ SPACE-EFFICIENT STORAGE

The compact nested format can fit substantially more units into transport and warehouse space than bulky foam packaging.

■ DIRECT FOOD CONTACT

Designed for direct contact with food without the need for an additional foil or parchment liner.

■ MICROWAVE READY

Suitable for reheating prepared food in a microwave.

■ THERMAL PERFORMANCE

The paperboard construction helps retain warmth longer than standard lightweight containers.

■ DENSE PAPERBOARD

Paperboard of more than 400 g/m² provides rigidity and helps resist dents and tearing.

■ RELIABLE LOCK

Distinctive butterfly locks provide secure closure for takeaway and delivery.

ECOPRO

PAPERBOARD FOOD PACKAGING

Prepared meals · takeaway · delivery · display

Low-profile serving trays for snacks, pastries, tastings and display.

FORMATS & DIMENSIONS

FORMAT	DIMENSIONS	PACKING
Serving tray / 12 mm	225 × 135 × 12 mm	25 / 550
Serving tray / 15 mm	225 × 135 × 15 mm	25 / 500

KRAFT / BLACK

SERVING FORMAT

Tray heights of 12 mm and 15 mm share a 225 × 135 mm footprint.

SERVING SELECTION

Paperboard trays for sharing and serving.

A PLATED DESSERT

ECOPRO

ECOPRO
www.bultrading.com

OnePlatter

Presentation trays for catering and display

OnePlatter

Lightweight paperboard trays for serving, packing, storing and transporting sliced foods, produce, pastries and snacks.

■ STURDY FORMAT

Rigid construction resists transport stress and food-wrap tension while maintaining its shape.

■ DURABLE PAPERBOARD

Dense 310 g/m² coated paperboard provides strength with a lightweight, recyclable format.

■ MULTIFUNCTIONAL USE

Suitable for microwave reheating, freezer storage and hot display counters, with strong grease resistance.

■ WRAP-FRIENDLY EDGES

Rounded corners help prevent cling film from tearing and preserve the food presentation.

■ ATTRACTIVE DISPLAY

A clean tray profile adds value to retail and catering presentation.

■ BROAD APPLICATION

Ideal for sliced meats, cheeses, fruit, vegetables, sandwiches, salads, nuts, pancakes and baked goods.
